

Website Proposal GMMN e.V.

Project Overview

The goal of this project is to create a modern, professional, and multilingual website for the Society of Muslim Medical Professionals in Northern Germany (GMMN e.V.).

The website will serve as the organization's digital presence, allowing healthcare professionals, students, institutions, and community members to learn about the association, participate in its activities, and connect with its network.

The design will reflect the values of professionalism, trust, education, community engagement, and humanitarian service.

Main Objectives

The website aims to:

- Present the mission, vision, and activities of GMMN.
 - Promote medical education and professional development initiatives.
 - Encourage mentorship opportunities for students and young professionals.
 - Facilitate collaboration with universities, hospitals, NGOs, and healthcare institutions.
 - Highlight humanitarian and community projects.
 - Increase visibility and public engagement.
 - Provide easy access to events, resources, and organizational information.
-

Proposed Website Structure

Home Page

A modern landing page introducing GMMN, featuring:

- Organization overview
- Key statistics
- Core focus areas
- Upcoming events
- Mentorship opportunities

- Partnership opportunities
- Calls-to-action for engagement

About Us

- Mission and vision
- Organizational values
- Leadership overview
- Working groups and committees

Events & Continuing Education

- Conferences
- Workshops
- Lectures
- Educational initiatives
- Event highlights

Mentorship Program

A dedicated page explaining:

- Benefits for students and young professionals
- Benefits for mentors
- Mentorship process
- Mentorship application request form

Partnership Opportunities

A dedicated page for institutions interested in collaborating with GMMN.

Potential partners:

- Universities
- Hospitals
- Clinics
- Research institutions
- NGOs
- Professional associations

Includes:

- Partnership information
- Collaboration opportunities
- Partnership request form

Humanitarian Aid

Showcasing:

- Community projects
- Volunteer initiatives
- Humanitarian missions
- Impact stories

Literature & Research Resources

A digital resource center featuring:

- Medical publications
- Research materials
- Educational resources
- Professional development content

Media Center

- News
- Announcements
- Publications
- Gallery
- Videos

Contact Page

- Contact information
- Inquiry form
- Social media links

Key Interactive Features

Mentorship Request Form

Students and young professionals can submit mentorship requests directly through the website.

Partnership Request Form

Organizations can submit partnership proposals and collaboration requests.

Event Registration Forms

Visitors can register interest for upcoming events and educational programs.

Newsletter Subscription

Users can subscribe to receive updates about events, programs, and activities.

Design Direction

The website will feature:

- Modern and professional healthcare-inspired design
 - Responsive layout for all devices
 - Multilingual-ready structure (German, English)
 - Clear visual hierarchy
 - Strong call-to-action sections
-

Expected Outcome

The website will function as a professional digital hub for GMMN, helping the organization:

- Strengthen its public image
- Increase member engagement
- Support students and young professionals
- Facilitate institutional partnerships
- Promote educational and humanitarian initiatives
- Expand its network and impact within the healthcare community

This proposal is intended as a first version and can be adjusted according to the priorities and goals of GMMN.
